

SPAR 1

PRODUCT FEATURES

- Made from our specially-tested Polyspar material.
- Installs in front of the carrying idlers at the nip point level.
- Exists for **return roller** and can be provide with safety basket (see picture below).
- Available for belts from **500 to 1400mm**. Contact us for other belt widths.

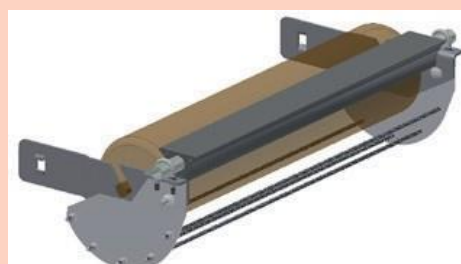

In our product range, there are **three types** of SPAR 1 :

- **SPAR 1 ajustable** : made with absorber pieces, they granted a great setting for all angles.
- **SPAR 1 extruded** : design for retrofit installation, for all types of rollers.
- **SPAR 1 CLIP** : made for OEM integrator, there are installed on the idler's plates properly design.

CLIP – EXTRUDED – AJUSTABLE

- The SPAR 1 prevent limbs from getting **jammed** between the belt and idler rollers.
- They provide **indispensable protection** and can be **fitted to any type of belt conveyor idler**.
